NRCS LOCAL WORKING GROUP MEETING

Local Working Group Meeting
The NRCS Area 1 of Hamilton, Greeley and Wichita County Conservation Districts will be hosting a Local Working Group (LWG) meeting on, Wednesday, March 5th, 2025 at 10 AM MST at the Ocie Neuschwander Room at 905 Ingalls Ave, in Tribune, Kansas.
The purpose of this meeting is to make recommendations to the Natural Resources Conservation Service (NRCS) State Conservationist related to addressing natural resource concerns at the local level.
“LWGs are important because they provide recommendations on local and state natural resource priorities and criteria for U.S. Department of Agriculture (USDA) conservation activities and programs. It is critical that the ‘boots on the ground’ have a voice in the process.
LWG should be diverse and focus on agricultural interests and natural resource issues existing in the community. Attendees should include agricultural producers representing the variety of crops, livestock, and poultry raised within the local area, owners of agricultural, environmental organizations, and state and local agencies.
To request more information about LWGs, contact your local Conservation District or NRCS staff. Individuals can also request information to participate virtually in the meeting.
