JOBS

Adjunct Faculty (CNA/ CMA) (Fort Riley)

If you have nursing experience in health care, it may be a great time to think about becoming a Certified Nurse Aide Instructor and/or Certified Medication Aide instructor for Barton Community College. If you have an interest in classroom instruction or clinical instruction, we will work with you and your schedule! Teaching possibilities include classes offered online or on location at Junction City. Qualifications: must be a RN for two years. Preference of one year of experience in long term care; teaching experience preferred.

To apply, go to: jobs.bartonccc.edu. Persons with hearing or speech impairment please use the Kansas Relay Service at 1-800-766-3777 or dial 711. Positions opened until filled. Review of completed packets begins immediately. EEO/AA.

All adjuncts must meet these criteria and are paid at the rate of \$660 per credit hour rate. Adjuncts teaching fully online classes receive an additional \$150 per credit hour pay for the additional work/responsibilities required of quality online learning.

THE WORLD'S LIGHTEST WHEELCHAIR

For those of us—or our loved ones—who are finding our mobility slowing down and may need the use of a wheelchair, there's a remarkable breakthrough that's changing lives. The **Featherweight Wheelchair**, weighing just **13 pounds***, is nothing like the bulky, heavy models of the past that can weigh over 35 pounds. Imagine lifting your wheelchair in and out of a car without straining your back, gliding effortlessly through your garden, joining your family at the park, or going for a medical checkup, without the worry of fatigue. Why not take the first step toward renewed independence with this ultra-lightweight innovation?

In recent years, we've seen great advancements in mobility aids—from canes and walkers to rollators and scooters—all designed to help people stay active and independent. But until now, there hasn't been a truly revolutionary wheelchair. That's changed thanks to a team of engineers who've created something extraordinary: the **world's lightest wheelchair**, weighing only **13.5 pounds**. Aptly named the **Featherweight Wheelchair**, this breakthrough has already been called a game-changer by those who use it.

The first thing you'll notice about the Featherweight is just how incredibly light it is. At only 13.5 pounds, it's easy for just about anyone to lift into a car, store at home, or take on the go. It's not only lightweight but also strong, stylish, and easy to maneuver. **The lighter the chair, the easier it is to push, propel, and lift.** With its sleek design and custom color options, the Featherweight Wheelchair isn't just practical—it's something you'll feel good about using every day.

*13lbs. Without the rear wheels, 19 lbs. all in

Lightweight Wheelchair

It's so light weight that it's no problem to lift in and out of the back of my car. It's also easy to set up and collapse down. It is very compact and the wheels come off for compact packing alongside luggage or groceries etc. My Mom finds it very comfortable to ride in as well and enjoys the look. We both love it.
