**K.C. woman faces probation revocation**

BURLINGTON — A Kansas City woman is facing revocation of her probation in Coffey County District Court after allegedly failing to comply with multiple supervision requirements.

In case 25CR1, filed Jan. 2, 2025, the State of Kansas charged Christina Dawn Hastings, 41, Kansas City, in connection with a Dec. 27, 2024 incident in which she was driving a stolen 2014 Dodge minivan during a police pursuit.

Under a negotiated plea agreement, Hastings pleaded no contest on June 5, 2025, to unlawful possession of a controlled substance (methamphetamine), a severity level 5 drug felony, and fleeing or attempting to elude a police officer; a severity level 9 person felony. Remaining charges — including theft, possession of marijuana (second offense), possession of drug paraphernalia,

illegal registration, custody of a vehicle with a destroyed VIN, and no valid driver's license — were dismissed.

On Dec. 18, 2025, the court sentenced Hastings to 20 months in the custody of the Secretary of Corrections on the drug conviction and six months on the fleeing conviction, then granted probation for 12 months through Community Corrections. She was ordered to pay \$1,004 in court costs, fees and restitution.

On Feb. 24, 2026, Coffey County Attorney Wade H. Bowie II filed a motion to revoke probation, alleging Hastings failed to report on five occasions, failed to submit to drug testing, failed to provide proof of employment, failed to obtain a required drug and alcohol assessment, and failed to make court-ordered payments.

**REQUEST FOR PROPOSALS (RFP)**

The Board of County Commissioners of Coffey County will accept sealed proposals to provide engineering services to study and report on options for either rehabilitating or replacing the bridge carrying Reaper Lane over the Neosho River at the town of LeRoy.

Bridge No. 165 (NBI 000000000160470) is a 4-span bridge with a steel girder-floorbeam superstructure (102'-2@125'-102' SSGC) and a 24' roadway width. It was constructed in 1968 and is a 2-girder bridge with Non-redundant Steel Tension Members. It is currently load posted for 13-23-39 tons.

The engineering study will determine if the existing bridge can be rehabilitated to carry legal vehicle loads and remove NRSTM status, say by adding two additional girders and removing the floor beams. The study should include the feasibility of a widened replacement concrete deck. Assuming rehabilitation is feasible, a cost estimate should be provided and construction duration estimated.

The study shall also include a preliminary Type-Size-Location determination for a replacement bridge on an offset alignment. A preliminary cost estimate for a new bridge should be prepared to allow comparison with the cost estimate for a rehabilitated bridge, if appropriate.

Proposals shall be received at the Highway Department at 1510 S. 6th St., Burlington, Kansas, 66839 until 2:00 p.m., March 11, 2026. Envelopes should be plainly marked on the outside "Bridge 165 Preliminary Study". The proposal should include a proposed fee schedule for required services. It is anticipated that a cost-plus-fee contract with a not-to-exceed contract amount will be utilized for this engineering study, although an alternative contract type may be considered. Coffey County reserves the right to select a consultant it deems most qualified regardless of proposed fee schedule.

The proposal should comment on the appropriateness of the attached Scope of Services. Required or recommended services not included in the attached Scope of Services should be discussed in the proposal.

Coffey County reserves the right to reject any and all proposals and the right to waive any or all informalities or irregularities therein.

Any questions should be addressed to the Ryan Durst, Road and Bridge Superintendent, Coffey County Highway Department, 1510 S. 6th St., Burlington, KS 66839 or by calling (620) 364-2441.
